

The Regional Alliance for Healthy Schools at Michigan Medicine

Happy autumn! I hope you had a happy, healthy summer. As we draw closer to Thanksgiving, there are several groups of people for whom I am thankful.

First I'd like to thank all of those who have welcomed RAHS to Genesee County. Our Flint-area sites are all up and running, and we are thrilled to be working with you.

The second annual Run with RAHS 5k was held Saturday, September 30, and I'd like to thank everyone who participated - runners, volunteers, sponsors, supporters - for helping to make it a success. We look forward to seeing you all again next year.

To learn more about RAHS, our school-based health centers, and the services we provide, please visit our website at umhs-rahs.org.

In good health,

Angie Spence-Green

Community Resources

Also called Tangible Resources, our RAHS Care Coordinators are a great source of information about services above and beyond those offered at our health centers. If you or a family member need help with food, emergency housing, transportation, utilities, health insurance, or similar resources, please [visit our website](#) or call Teresa (734-998-2208) or Bridgette (810-767-8383). They would be happy to assist by letting you know what community services are available in Washtenaw and Genesee County, and how you might access them.

Teresa Williams-Gilchrist, MSW

Bridgette Wood, RN
