**What happens after I register?**

- By completing the enclosed forms, the student may be seen at the RAHS Health Center during the school day for health concerns and will be called down for a brief screening visit to obtain basic health information.
- If your child is in elementary school, we ask that a parent/guardian be available by phone if you are unable to attend the appointment with your child.
- The RAHS Health Center will bill your insurance company for services received in our centers.

### Notice of Privacy Practices (NPP) Acknowledgement:

I hereby acknowledge I have been offered or received the Michigan Medicine Notice of Privacy Practices.

### General Consent to Receive Health Care Services

I want to receive health care services from Michigan Medicine including medical, dental, psychological, nursing and/or other health care. Services may include:

- Surgeries and procedures
- Medications
- Immunizations
- Tests
- Telemedicine Services
- Other treatment necessary for my care

I agree that Michigan Medicine can share my information as needed for care or billing and that various departments may contact me. To facilitate my care and medical needs, Michigan Medicine departments may need to provide necessary information about me to other outside healthcare providers. I have a right to discuss my health care with my health care providers at any time. I have the right to agree to or refuse any care. I understand that my health care providers generally will obtain my consent after discussing specific care, therapies and procedures with me. My health care providers will review known risks, expected benefits and alternatives to therapies in those discussions. I may need to give additional consents for invasive procedures and special treatments such as when I receive blood products. I understand that the practice of medicine is uncertain. It is impossible to avoid certain risks and clinical outcomes may be different for each patient.

### Assignment of Medical Benefits

I agree that I will be responsible for my co-payments, deductibles or other charges for medical services not covered or paid by insurance or other third party payers. This is true except in cases where Michigan or federal law, or an agreement between my insurance company and Michigan Medicine does not allow it. I assign all rights and benefits to Michigan Medicine in order to help the process of paying Michigan Medicine for health care services I received. I agree to help Michigan Medicine follow up on these claims.

### Important Patient Information

- 1. Michigan Medicine is a Teaching and Research Center.** I may receive services from staff and/or trainees chosen and overseen by the teaching staff. Trainees and teachers may read and use my health care records for teaching and research. I agree to donate any excess tissues, specimens or parts of organs that are removed from my body during testing or medical procedures and are not necessary for my diagnosis or treatment. I authorize Michigan Medicine to own, use, retain, preserve, manipulate, analyze or dispose of this excess tissue. Michigan Medicine may use or retransfer these items to any entity for any lawful purpose, including education and research. Furthermore, I understand that it is possible that a treatment or test that I receive may have been developed by my physician and that he/she may financially benefit from royalty payments accruing from the use of such a test or treatment which has previously been properly vetted through regulatory channels in accordance with state and federal law. I understand that I am able to ask my doctor if an invention of his/hers will be used in my care.
- 2. Human Immunodeficiency Virus (HIV)** is the virus that causes AIDS (Acquired Immune Deficiency Syndrome). **Under Michigan law, an HIV test may be done on a patient** if any health care worker or emergency responder comes in contact with that patient's blood or other body fluids. Contact may occur under the skin, in an open wound or through the mucous membranes, which are the tissues that line various openings in the body. If this type of contact occurs, I know that my blood can be tested without my consent. If a test is done, I know that I will receive the test results and counseling as needed.
