Dear Student/Parent or Guardian:

The Regional Alliance for Healthy Schools (RAHS) is a group of unique school-based health centers providing services at some public and community schools in Genesee and Washtenaw counties. The goal of the RAHS School-Based Health Centers is to help improve the health and well-being of students and families. Healthy students are more successful in school.

What is the RAHS School-Based Health Center?

Our health centers are staffed by physicians, nurse practitioners, social workers and dietitians that are available for your physical and mental health needs. The purpose of this program is to provide quality healthcare in a friendly setting, at a time that is convenient to students and families. The RAHS Health Center is NOT trying to replace your regular source of healthcare. The RAHS Health Center is open and available to ALL youth.

What can I do to register?

By completing the enclosed forms, the student may be seen at the RAHS Health Center during the school day for health concerns and will be called down for a brief screening visit to obtain basic health information. If your child is in elementary school, we ask that a parent/guardian be available by phone if you are unable to attend the appointment with your child. The RAHS Health Center will bill your insurance company for services received in our centers.
